

DSC Subcommittee Meeting Minutes 12.16.2020

Standards Updates:

DNV

- Rachel - in DNV PSC virtual survey; will report out on February call

HFAP

- HFAP merged with Accreditation Commission for Health Care (ACHC) – visit website for more information.

TJC

- 2021 Updates are available (see document attached)
- TSC and CSC temporary volume reduction extended through May 31st - official announcement coming

Site Review Report Out:

Tristar Greenview Regional (Charlotte)- PSC - survey week of Thanksgiving - completely virtual; Funk from VA;

- Monday Evening: Opening presentation, planning session, opportunity to preview and populate HR files for her review the following day;
- Tuesday: Utilized iPad to tour her through hospital, she spoke to person screening for COVID and asked what stroke education she had, ED, CT, ICU (didn't spend a lot of time due to it being super busy), Stroke Unit/COVID unit (did not go into unit but spoke to nurse who had inpatient stroke at that time)
- Overall impression - technology worked well, everything went very well; got away with 4 findings
- Surveyors focus/suggestions - blood pressure control and hemorrhagic stroke was a big focus of her;

Norton Healthcare (Lynn Hundley) - 2 PSCs and ASR - same reviewer for all three - Ann Andreoli from Lexington, she finished early both days

- Main focus - patient and family education
- Toured through facility and pulled records
- Finding - tPA documentation (pupil checks were missed on one patient)
- Impressed with data, don't just show results but share what you are doing with it
- Tool in EPIC with reminders around tPA documentation
- DNV CSC crossover survey already scheduled for April 22/23

Baptist Health Louisville (Troy)

- Waiting for TSC survey

Lisa Bellamy - noticed a stronger focus on hemorrhages (specific order set, protocols, etc.), complications after thrombolytics (angioedema, bleeding protocols), assessments for vital signs and neuro checks are at least Q15 prior to decision

Requests:

- Patient satisfaction metric for ASR certification
 - -Call backs, survey

- Rosa from Baptist Health Hardin shared that her hospital built survey on Survey Monkey and provides iPad to patient to complete
- Lynn requested a connection to Children's Hospital- working towards pediatric stroke - would like connection to some of the children's hospitals - Cincinnati, Nationwide, Cleveland Clinic, Rainbow Babies - specifically looking for metrics, timeframes - what's reasonable??

2021 Meetings: Meetings are open to all SEQIP hospitals and take place the 3rd Wednesday of every other month from 9-10 AM EDT
