

DSC SEQIP Meeting Minutes
2/17/2021 0900-10:00

Attachments:

- 1 and 2 - TJC Specifications Manual Release Notes 2021A – currently in effect starting with Jan 1 2021 discharges ;TJC Specifications Manual Release Notes 2021B – go into effect with July 1 2021 discharges
- 3 and 4 – Recent DNV announcements

Certification Updates - Co-chairs provided brief overview of any recent changes to certification standards

- DNV - 2021 standards - beginning to survey March 1, Major updates:
 - Education standards expanded for nursing, providers and other disciplines(attached)
 - introduction of mRS assessment for all admits (premorbid, discharge for all patients + 90day for admits with Alteplase)
 - Door to needle expectation is now 50% cases in less than 45 minutes
- TJC - release notes reviewed. 2021A went into effect with Jan 1 discharges and 2021B will go into effect with July 1 discharges. Both documents are attached for your review.

Survey Report Out:

- Betty McGee (St. Elizabeth) - ASR (2)/PSC (3) - 5 day survey virtual; Surveyor: Annette Andreoli - seemed to be utilizing checklist (vital signs/neuro checks, first NIHSS, wanted to see definitive handoffs, personalized education reflected history noted in ED, patient involvement in education - i.e. goals, etc.; therapy focused - discharge NIH <2 OT was not required).
 - Logistics: Monday afternoon opening presentation for all facilities; Tues: Grant/Covington Facilities back to back (ASR), Weds/Thurs/Fri was each PSC
- Rachel (ARH) - ASR (4) end of Nov-beginning of Feb- all virtual
 - Whitesburg (November 2020)/Harlan & Beckley (December 2020) -- focus on Alteplase records - documentation; asked lots of COVID questions - how did it effect patient care? Stroke metrics? Did not tour facility - had ER staff come to her and give interview; Were you able to meet
 - Highlands (February 2021) - getting back to more normal survey; full tour; laid out expectation
 - Citations - assessment/reassessment; informed consent (provider documentation); Alteplase documentation time
 - Surveyors - Janine Mazabob, Delores (Dee) Behrens, Sharon Everline

- Amy Porter was able to attend Baptist Health Lexington CSC virtual survey - big focus on patient education and how it must be tailored to patient

Upcoming Surveys:

- Middlesboro (DNV) - scheduled for March 2, 2021
- Chauncey @ UofL Jewish- in perpetual window; reached out to see if they are interested in virtual option; will have dry run within the week
- Amy @ Baptist Louisville - virtual TSC survey in the next week or so

Hospital Requests:

- Bill Singletary - does anyone have a gap analysis for 2021 standards? Lisa Bellamy mentioned that her team is working on getting that updated and will be posted on SCN website.
 - Looking into adding CTP to imaging- how many PSCs perform CTP and how has it impacted Door in/Door Out times and decision making?
 - Lynn shared how her PSCs/ASR implemented CTP and that is saved a couple of transfers to their CSC; make the case to administration about cost vs benefit (transfers avoided and patients staying at facility);
 - Chauncey shared it's important to look at where you are transferring/how long does it take? The viability of the images decreases over time; also suggested reaching out to receiving facility for support
 - Margie shared that there have been multiple times when the patient wasn't transferred to their facility because of this imaging performed at local facility
- Community Outreach/Education during COVID?
 - Lynn - make friends with your marketing department i.e. social media

SEQIP Updates:

- SEQIP Website is almost complete following extensive reorganization! Visit <https://khdspstaskforce.com/committees/stroke-systems-of-care/> to access membership list, documents, meeting notes, etc.
- EMS lecture series - Lacy will be working with Cassy at UofL and Tracy Crawford at KDH to identify speakers, etc. will also reach out to state board for suggestions on topics, etc. Look for more information in coming months.

AHA Updates:

- Award deadline extended to April 30, 2021
- National Office Hours - hosted by yours truly :) Register at <https://register.gotowebinar.com/register/5047597711474403600>

- ISC - virtual March 17-19 - more info available here: <https://professional.heart.org/es/meetings/international-stroke-conference>

Next DSC Meeting – April 21st 9-10am EST.
